

THANK *you* CARDS

CONGRATULATIONS!

You've just had the most amazing wedding, a day you'll remember for the rest of your lives!

Now it's time for one final, heartfelt touch: thanking the people who made it so special.

Personalised thank you cards are a beautiful way to share a favourite photo from your big day and show your guests just how much their love and presence meant to you ❤️

Most photographers will send you a few teaser photographs just days after your wedding. You may wish to use these in the design of your thank you cards.
