understanding OUR ILLUSTRATION PROCESS

STEP ONE: Initial Sketch (3-4 weeks)

The initial sketch will be sent to you within 4 weeks of your paid deposit (unless discussed at time of booking). Once you have received the initial sketch, you may ask for any amendments.

If we are working from photographs, we can sometimes miss small details, at this point, let us know to add those on!

TIP: The quicker you get back to us after we send your proofs, the quicker we can finish your illustration/s

STEP TWO: Final Sketch & Colour (1-2 weeks)

If you have paid for a colour version, we will colour your sketch. Changes to colour and texture can be made after this time.

Now it is time to add them to your stationery!

FAQS - ILLUSTRATIONS

Here are some common questions we get about our Illustrations:

What does 'Full Colour' mean?

When we say 'full colour' we mean not only is the venue coloured but we add colour to the surrounding area too (sky, grass, paths etc.)

We are getting married in December, can we have a festive themed illustration?

We can design your venue illustrations to fit the season you are getting married. This is included in the costing above.

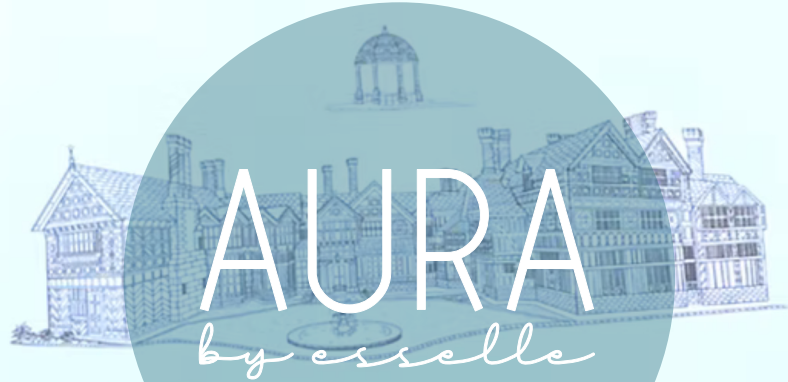

Can we pay to have a digital copy

Unfortunately not, we specialise in venue illustrations here at Aura and therefore cannot risk possible resell and copyright infringement.

Do you illustrate pets?

Yes, we do! But why not enquire to see if we already have your pet's species illustrated.

If we do, you can use this as part of your stationery design for free!
